

# Rent a RaceStreaming system

Exclusive offer for GEDLICH Winter Series teams – by Alpha Live.

*Get reliable live onboard video from your race car — for your team, sponsors, and the official broadcast.*

## Bring Your Fans Inside the Car – Live

RaceStreaming delivers professional live onboard video directly from your race car. The system enables real-time onboard footage throughout the entire race weekend and allows your live feed to be used in the official Winter Series broadcast and from your pit box via your mobile device(s) and/or laptop(s).

## What You Get

- Installation by Alpha Live (Please allow 30 mins for the secure installation)
- Full live onboard coverage during the entire race weekend
- Share the live onboard video with anyone you like
- Motorsport-proven RaceStreaming StreamKit installed in your car
- Stable, low-latency live video transmission
- Onboard footage available for official broadcast and media use
- Increased exposure for your team and sponsors

## Exclusive Team Offer

<b>Full weekend Rental (Thursday to Sunday)</b>	<b>€ 650</b>
Full system Purchase Price	€2.250
Rental Deduction, if purchased before end of weekend	– €500
<b>Purchase Price after rental</b>	<b>€1.750</b>

## Why Teams Choose RaceStreaming

- Designed specifically for professional motorsport
- Proven reliability under race conditions
- Easy integration into live pit box view and official TV and live productions
- Turns your race car into a powerful media platform
- Adds measurable value for sponsors and partners

Availability is limited. RaceStreaming rental systems are assigned on a first-come, first-served basis.
